

# LORDY, LORDY, MARGENE TURNS 40!

**L**ooking more like twenty than twice that age, Margene celebrated her 40th with a party at our home. Shown below with Noni and Dean Hill looking on, she was clearly shocked at the risqué nature of some of the gifts she received, so much so that she bit off the head of an 8-inch pink chocolate you-know-what that was given to her by a salacious neighbor (see other picture below).
