

PEOPLE WHO IGNORE WHAT BOTH SIDES HAVE TO SAY SCOFF AT CLAIMS THAT GLOBAL WARMING ALARMISM HAS LITTLE TO DO WITH THE CLIMATE, BUT EVERYTHING TO DO WITH SCARING VOTERS IN WESTERN DEMOCRACIES INTO ACCEPTING A ONE-WORLD COMMUNIST GOVERNMENT RUN BY THE UNITED NATIONS.

### **Just another right-wing conspiracy theory?**

**If you think so, then what do you make of this report:**

UN climate chief Christiana Figueres

## **U.N. climate chief: Democracy not the way to fight global warming, world communism is needed.**

**If that doesn't raise alarm bells, please take a moment to read what other prominent climate alarmists have to say.**

**ADMISSION:**

**"No matter if the science of global warming is phony ... climate change provides the greatest opportunity to bring about justice and equality in the world."**

*Christine Stewart, former Canadian Minister of the Environment*

**ADMISSION:**

**"One has to free oneself from the illusion that international climate policy is environmental policy. One must say clearly that we redistribute the world's wealth through climate policy."**

*Ottmar Edenhofer, Co-Chair of UN IPCC's Working Group III*

**ADMISSION:**

**"In searching for a new enemy, we came up with the idea that pollution, the threat of global warming, water shortages and the like would fit the bill."**

*Club of Rome, The First Global Revolution*

**ADMISSION:**

**"We must make this an insecure and inhospitable place for capitalists and their products."**

*David Foreman, Founder of Earth First*

**ADMISSION:**

**"Complex technology is an assault on human dignity. It would be little short of disastrous for us to discover a source of clean, cheap, abundant energy, because of what we might do with it."**

*Amory Lovins, Rocky Mountain Institute*

**ADMISSION:**

**"Giving society abundant, cheap energy would be the equivalent of giving an idiot child a machine gun."**

*Climate alarmist Dr. Paul Erlich, Stanford University*

**ADMISSION:**

**"Current lifestyles and consumption patterns of the affluent middle class involving high meat intake, appliances, air-conditioning and suburban housing are not sustainable."**

*Maurice Strong, senior advisor to UN Secretary General Kofi Annan, chairman of the 1992 U.N. Conference on Environment & Development in Rio de Janeiro, Brazil*

**ADMISSION:**

**"We have got to ride the global warming issue. Even if the theory of global warming is wrong, we will be doing the right thing."**

*Timothy Wirth, U.S. Secretary of State for Global Issues*

**ADMISSION:**

**"We need broad-based support to capture the public's imagination, so we have to offer up scary scenarios, make simplified dramatic statements, and make little mention of any doubts. Each of us has to decide what the right balance is between being effective and being honest."**

*Dr. Stephen Schneider, Professor of Climatology, Stanford University, and lead author of many UN IPCC reports*

**ADMISSION:**

**"A global warming theory must be implemented even if there is no scientific evidence of enhanced greenhouse effect."**

*Richard Benedick, deputy assistant Secretary of State*

**ADMISSION:**

**"The only way to get our society to truly change is to frighten people with the possibility of catastrophe."**

*Prof. Emeritus Daniel Botkin, Environmental Studies Department, University of California, Santa Barbara*

**ADMISSION:**

**"Unless we announce disasters, no one will listen."**

*Sir John Houghton, first chairman of the United Nations Intergovernmental Panel on Climate Change*

**ADMISSION:**

**"The concept of national sovereignty has been immutable, a sacred principle of international relations. It is a principle that will yield only slowly and reluctantly to the new imperatives of global environmental co-operation."**

*U.N. Commission on Global Governance report*

### **THUNDERING APPLAUSE TO A CALL FOR WORLD COMMUNISM**

Because of intense embarrassment over the Climategate email scandal, the 2009 U.N. Climate Change Conference in Copenhagen was a subdued event. One speaker, however, electrified the crowd. Venezuela's communist despot Hugo Chavez received a thunderous ovation when he openly called for the death of capitalism throughout the world. Think about that. Hundreds of climate change delegates from countries around the world -- including the United States -- giving a standing ovation to a call for world communism.

**Wake up, America. There's an agenda surrounding "climate change", but it's not about the climate.**
